MESSAGE/INSTRUCTIONS

Re: **Interview Agenda for Interview on January 5, 2004**
U.S. Patent Application No.: 10/717,622
Inventor: TAKAHASHI
Our Ref. No.: 100353-00179

Dear Examiner Hoang,

Proposed Agenda

1. Discuss the differences between claim 5, 6 and 8 and Kawamura. Specifically, we propose to discuss the operation of the memory cell transistor in Kawamura and the use of the region SD1 as a drain during a read operation and the use of the region SD2 as a drain for the write verify operation.
2. If necessary, discuss claim amendments that would distinguish Kawamura when filed with an RCE.

Please let me know if you have any questions.

Rustan J. Hill
